

Info!

May 2019

To residents of Södra Slevgränd 1–47, 4–222
and Norra Slevgränd 224–370

New starting date for renovations

As we informed you earlier, we will be renovating your bathroom and your laundry room. The renovations were originally planned for this autumn, but we have had to postpone them. The new starting date for the renovations is the beginning of 2020.

Information meeting

In good time before building work begins, we will also invite tenants to an information meeting where you will be told more about the renovations. It is important that you come to that meeting.
